

# AUSTIN AIR NAMED A TOP INFECTION CONTROL SOLUTION PROVIDER

## Presentation

[austinair.com](http://austinair.com)

# Mission

Fresh air is an invisible yet essential part of human life. By leveraging modern materials, energy-efficient solutions, and information technologies, Austin Air Systems creates its own ecosystem where the individual becomes the central figure in controlling the air they breathe.

# Purpose in Every Breath

Austin Air Systems, environmental sustainability is a fundamental part of our mission. We are dedicated to addressing global environmental challenges through safe, eco-conscious technologies and responsible operations. We take pride in going beyond standard sustainability requirements—setting higher goals to protect both people and the planet.

# Designed with Love

Austin Air Systems was conceived more than three decades ago when the company's founder, the late Richard Taylor, set out to help his wife, Joyce.

# Why Purify and Control the Air in Your Space?

Harmful pollutants found in your home and surrounding environment can impact your health and well-being. Clean, well-regulated air is essential for a safer, healthier indoor environment.

Volatile Organic Compounds (VOCs),  
Formaldehyde, PM2.5, Nitrogen Dioxide (NO<sub>2</sub>), Sulfur Dioxide (SO<sub>2</sub>), Benzene

AIR SYSTEMS

# Enjoy the feeling of fresh, clean outdoor air – in any indoor environment

Creating a comfortable indoor fresh air in every building is only possible with care for nature and the environment.

Residential

Commercial and  
Industrial

Hospitality and  
Entertainment

Healthcare

# Advanced Air Purification

Powerful filtration designed for the effective removal of pollutants, dust, and odors.

Engineered to target a wide range of airborne contaminants, including:

- Bacteria and Viruses
- Mold and Mycotoxins
- Pet Dander
- Smoke and Chemical Vapors

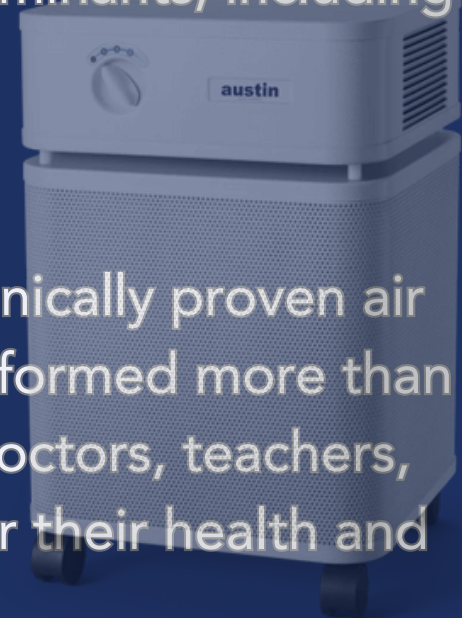

Breathe cleaner, healthier air—wherever you are.

# Trusted by Professionals. Backed by Science. Proven to Protect.

Proven to remove up to 99% of all airborne contaminants, including viruses and bacteria!

Breathe air free of contaminants with the only clinically proven air purification solution on the market. We've outperformed more than 100 other purifiers in government tests. Many doctors, teachers, athletes, first responders, and parents trust us for their health and air quality issues.
